

Come on strong.

***Choose the new NovaTaur[®]
Commercial Roller Door.***

Boost your security by choosing the strength and style of a highly innovative Taurean® Door System.

Our leading-edge NovaTaur® commercial roller doors are ideal for your shopfront, warehouse or storage facility and will enhance the value and security of your business.

Safety

Only Taurean® Door Systems utilises new and patented TauraEdge® safety guides to make doors from Taurean the safest in Australia. No other roller door has this innovative safety edge system.

Door innovation that's Taurean strong – and then some

Specially designed drum wheel with plastic hub ensures smooth operation

Heavy-duty bottom rail with wheel

Our Philosophy

At Taurean® Door Systems we're committed to creating an exceptional range of commercial garage doors and have the track record to prove it.

Each door is designed to surprise with its stylish good looks and strength.

The NovaTaur® Commercial Range

NovaTaur® – the newest commercial roller door on the market – is the complete package. First, the NovaTaur® roller door is designed to be super strong with a deep profile and thick curtain (0.55 mm) to ensure the ultimate rigid curtain. Then, we use the largest range of springs so you have the best-balanced door available. Doors are also customised to suit your requirements and tested for 25,000 cycles. The result? Unbeatable durability, reliability and peace of mind.

The new NovaTaur® range – strength with style

- Australian designed and manufactured
- New deep profile means rigidity in the curtain
- Strongly designed curtain
- Safest guides in Australia
- High quality spring system
- Colorbond® steel finish

Door innovation that's Taurean strong – and then some

The NovaTaur® Commercial Roller Door doesn't compromise. A heavy-duty bottom rail, the deepest profile in Australia and a specially designed drum wheel ensure each door is designed to withstand many years of operation. In addition, the bottom rail wheel allows the door to run even more smoothly. Apart from ensuring longer door life, a smoother, better running door also means the opener delivers the ultimate in performance.

Warranty

12 month warranty on steel cracking, lock seam failure of the door curtain and all other door items. Excluded from the warranty is salt corrosion or any damage to the door curtain from any environmental conditions or issues. For more details please refer to the Taurean® Door Systems website at www.taureands.com.au

Min. MOUNTING ROOM (mm)

A	B	C	D	E

5100	585	345	240	610

**Exclusive to Taurean®
Door Systems.
The safest operating guides.**

TauraEdge® safety guides are designed with a rolled edge that runs the length of the track. This makes it so safe it's almost impossible to cut yourself on it.

Safety and Strength

NovaTaur® roller door leads the way with a deep roller door profile (21mm), coupled with the TauraEdge® safety guide to give you the ultimate in roller door safety and strength.
